RE: Subdivision Streets and Right-of-Way Acceptance Recommendation
 Cherry Blossom Village Subdivision Phase 6

--
 On July 28, 2011, the Planning Commission sent recommendation to my office for City acceptance of the dedication of streets and ROW within this subdivision. I have enclosed a copy of the Subdivision Plats for reference.

Phase 6	Cab 8/179	08/04/2004	Kingston and Prestwick Drives	34 lots
---------	-----------	------------	-------------------------------	---------

The following is a summary of the street inventory:

Name	Length	Description
Kingston Drive	856'	Begins at the south end of Lots 11 & 12 and ends at the north end of Lots 23 & 24
Prestwick Drive	639'	Begins at intersection with Kingston Drive and ends at the north end of Lots 1 and 34

Total length of streets is approx 1,495' or 0.28 miles.

Per KRS 100.277 (4), dedication occurs after the local planning body gives final approval and the local government accepts the streets and ROW for maintenance. If the local government does not take action within 45 days of final approval, then the streets and ROW are automatically accepted through implied consent.

To further our ability to effectively manage our street inventory, I am recommending City Council take action to accept dedication of these streets and ROW and add said inventory to our official list.
